Coach Campbell, in his 14th year at the University of Maryland, has either shared or won the Atlantic Coast Conference swimming title six of the 13 years he has been at College Park.

A three sport letterman in high school, Campbell went on to letter in swimming and track at Springfield College where he received his B.S. and M.S. degrees. He captained the swimming team and was the New England Intercollegiate Diving Champion in 1947.

After graduation in 1947, he joined the Springfield staff as a coach and was the freshman tutor of 1956 U.S. Olympic gold metal winner Bill Yorzyk.

In 1953, Campbell went to Virginia Military Institute. In his first year he coached VMI to its initial Southern Conference swimming title. The following year his VMI squad won every first place in the championships and set a new Southern Conference scoring record.

Coach Campbell moved to the University of Maryland in 1955, fielding the first Terrapin team in the University's history. Within three years 1959-60, was once again off on the championship road, winning the Atlantic Coast Conference. His coaching record at Maryland shows 128 wins and 30 defeats.

In 1960, the State Department sent Campbell to Singapore, Malaya and Taiwan for four months to set up swimming programs in those countries and to coach their Olympic Games.

An Assistant Professor of Physical Education and varsity swimming coach, Bill Campbell's academic specialty is kinesiology, which he teaches. He has presented numerous academic papers at Physical Education Conventions.

THE UNIVERSITY OF MARYLAND
ALUMNI SWIMMING ASSOCIATION

An attempt is being made by former Maryland swimmers to organize an alumni association to perpetuate and promote the fine swimming program that has developed through the efforts of coach Campbell. The alumni association feels it can render invaluable assistance to the program by providing inducements that will attract talent and will create an esprit-de-corps among its members that will cover the geographical locations of all the members.

The advance notification of this project has been well received. The University's President, Dr. Wilson H. Elkins, has rendered his endorsement and has extended his wishes of success.

For further information on this project contact Wayne Pawlowski:
